

School Value: Hope

Science – Properties of Materials

Exploring different materials and lots of new vocabulary to classify them. We will be conducting a range of experiments to investigate the properties of materials as well as understanding reversible and irreversible changes.

English – we will be using the art of persuasion to save our local river. We will also focus on some key grammatical features including semi colons, colons and bullet points. Our books will range from picture books like “ *The Rhythm of the Rain*” to Mrs Haroun’s favourite book “*Journey to the River Sea*”.

PE – Swimming (y5), Year 6 Cricket

Year 5s will be going swimming on Monday afternoons – Year 6 will do cricket with Mrs Haroun.

Class: Oaks **Spring Term 1 2024**

Rivers – A local Study of the Rivers Wye and Severn

We are going to focus on our Rivers. Where are their sources? What are they used for? Has their use changed over the decades? What threats are there to our rivers and what can we do to help? We will be improving our Geographical skills including looking into maps and topography.

Computing – data handling

French – ‘all about ourselves’ looking at the language to describe us.

Curriculum Drivers:
Aspiration
Contribution
Exploration

ART – focusing on cities and landscapes taking inspiration from the Shoreditch sketcher.

RE- Islam

DT- What are the different structures used in bridge building and how can we use them to build our own bridges for a purpose.

Maths – applying our knowledge of fraction last term to decimal fractions. Understanding place value in order to add, subtract, multiply and divide fractions and decimal fractions.
